

Agenda At-A-Glance

Day 1 (July 27) 3

 Keynote (8:30 AM – 9:45) 3

 Changing the Way We Age..... 3

 Morning Plenaries (10:15 AM – 12 PM)..... 3

 Leadership in Aging and the State of the Science..... 3

 Geroscience and the Biology of Aging 4

 Lunch Break (12:00 PM – 1:15 PM)..... 4

 Concurrent Sessions (1:15 PM – 2:30 PM)..... 4

 Emergency Preparedness and Home Safety: The Physical and Social Environment—Safe Aging in Communities 4

 Aging Issues for Specialized Populations 5

 The Benefits of Social Engagement..... 5

 Multiple Chronic Conditions 5

 Concurrent Sessions (2:45 PM – 4:30 PM)..... 6

 Can Age Friendly Communities Improve the Quality of Life for Older Americans? 6

 From Active Duty to Veteran: Defense Health Agency and Veterans Affairs Initiatives to Ensure Healthy Aging 6

 Live Well, Be Well: Promoting Older Adults’ Health and Wellness through Lifestyle 7

 Continuum of Care/Care Coordination 7

 Concurrent Sessions (4:15 PM – 5:30 PM)..... 8

 Impact of Isolation: The Impact of Products, Space, Services, and Isolation on the Aging 8

 Health Literacy—Supporting Quality of Life and Quality of Care 8

 Mental Health and Older Adults: Determinants, Trends, and Treatment 8

 Patient-Centered Models..... 9

Day 2 (July 28) 10

 Opening Plenary (8:00 AM – 9:00 AM) 10

 Cognitive Aging in America 10

 Morning Plenaries (9:00 AM – 11:30 AM) 10

Preserving Cognitive Health and Preventing Cognitive Impairment	10
International Perspectives in Healthy Aging	10
Lunch Break (11:30 AM – 12:45 PM)	11
Concurrent Sessions (12:45 PM – 2:00 PM).....	11
Caregivers / Workforce Development: Using Diverse Workforces and Tools to Support Independent Living at Home	11
Do Falls Prevention Programs Work?	11
Cultural Competency	12
Helping Older Adults Live Healthier Lives: Improving the Delivery of Clinical and Community Preventive Services	12
Concurrent Sessions (2:30 PM – 3:45 PM).....	12
Health-in-All-Policies: Thinking, Surfing, Walking and Driving—Leveraging Information and Partnerships to Change the Environment as We Age.....	13
Maintaining Cognitive Health: Research, Policy, and Practice	13
Aging in Place: Care Coordination.....	13
Health of Caregivers.....	14
Closing Plenary (4:00 PM – 5:00 PM).....	14
Lessons Learned from Around the Globe	14
Track Descriptions.....	14

Day 1 (July 27)

Keynote (8:30 AM – 9:45)

Karen B. DeSalvo, MD, MPH, MSc, Acting Assistant Secretary for Health, U.S. Department of Health and Human Services will open the Summit with an overview of the importance of addressing the opportunities and challenges of healthy aging through the coordinated efforts of national stakeholders. Dr. DeSalvo's remarks will be followed by a keynote entitled "Changing the Way We Age" delivered by Colin Milner, leading authority on the health and well-being of older adults

Changing the Way We Age

Population aging is no longer a future event; it is a current reality. Globally, the impact of an aging population has yet to be fully realized. A growing body of research, reports, and initiatives recognizes the challenges of population aging while embracing the opportunities, contributions, and benefits of this demographic shift. How society uses this information to respond to these challenges and opportunities will influence outcomes for an aging population that is growing at an exponential rate.

Colin Milner, CEO of the International Council on Active Aging and a leading authority on the health and well-being of older adults, will deliver a thought-provoking keynote session on the possibilities surrounding population aging. He will highlight how policy makers, governments, businesses, and society at large are addressing the current and future challenges of an aging population – rethinking everything from societal contracts and policies to the life course itself.

Speakers:

- Karen B. DeSalvo, MD, MPH, MSc, Acting Assistant Secretary for Health, U.S. Department of Health and Human Services
- Colin Milner, CEO, International Council on Active Aging

Time: Monday, July 27, 2015, 8:30am-9:45am

Location: Regency Ballroom

Morning Plenaries (10:15 AM – 12 PM)

Leadership in Aging and the State of the Science

What can the latest research tell us about aging in the United States? How can we translate research into effective disease prevention and health promotion efforts? Speakers from the National Institute on Aging, Administration for Community Living, ASTHO, UCLA, and AARP will address these questions for the next generation of leaders in the healthy aging field during this plenary session.

Speakers:

- Marie A. Bernard, MD, National Institute on Aging
- Kathy Greenlee, JD, Administration for Community Living
- Jewel Mullen, MD, MPH, MPA, Association for State and Territorial Health Officials

-
- David Reuben, MD, University of California, Los Angeles
 - Josh Collett, AARP
 - Susan Dentzer, Robert Wood Johnson Foundation (Moderator)

Time: Monday, July 27, 2015, 10:15am-11:00am

Location: Regency Ballroom

Geroscience and the Biology of Aging

At the intersection of basic biology and clinical practice, geroscience offers new insights into chronic disease risk. Speakers from the National Institute on Aging, Harvard Medical School, the Mayo Clinic, and the Buck Institute will discuss applications toward research and practice that address current and emerging clinical challenges of aging during this plenary session.

Speakers:

- James Kirkland, MD, PhD, Mayo Clinic
- Brian Kennedy, PhD, Buck Institute
- Felipe Sierra, PhD, National Institute on Aging (Moderator)

Time: Monday, July 27, 2015, 11:00am-12:00pm

Location: Regency Ballroom

Lunch Break (12:00 PM – 1:15 PM)

Concurrent Sessions (1:15 PM – 2:30 PM)

Emergency Preparedness and Home Safety: The Physical and Social Environment—Safe Aging in Communities

From medical devices that rely on electricity to adequate supplies of prescription medication, older adults have distinct needs during emergencies. Presenters from the Office of the Assistant Secretary for Preparedness and Response, Georgia Institute of Technology, the National Fire Protection Association, and the New York Academy of Medicine will explain the importance of social connectedness and the physical environment in preparing older adults for emergencies. **Track: Neighborhood and Built Environment**

Speakers:

- Cheryl Levine, PhD, Office of the Assistant Secretary for Preparedness and Response
- Jon Sanford, MArch, Georgia Institute of Technology
- Karen Berard-Reed, MEd, National Fire Protection Association
- Lindsay Goldman, LMSW, New York Academy of Medicine
- Dalton Paxman, PhD, Office of the Assistant Secretary for Health, U.S. Department of Health and Human Services (Region 3) (Moderator)

Time: Monday, July 27, 2015, 1:15pm-2:30pm

Location: Empire Ballroom

Aging Issues for Specialized Populations

Economic, cultural, medical, health care, and mental health factors can affect various subsets of the aging population in distinct ways. Presenters from Sarah Lawrence College, Battelle Health and Analytics, Johns Hopkins Bloomberg School of Public Health, and the University of Connecticut Center on Aging will explore how these various factors can impact the quality of life of older adults. **Track: Quality of Life in Aging**

Speakers:

- Gavin Hougham, PhD, Battelle Health and Analytics
- Tonia Poteat, PhD, MPH, PA-C, Johns Hopkins Bloomberg School of Public Health
- Lisa Barry, PhD, MPH, University of Connecticut Center on Aging
- RADM Epifanio (Epi) Elizondo, PhD, Office of the Assistant Secretary for Health, U.S. Department of Health and Human Services (Region 6) (Moderator)

Time: Monday, July 27, 2015, 1:15pm-2:30pm

Location: Executive Room

The Benefits of Social Engagement

Evidence-based approaches that incorporate family and community support contribute to an increased sense of well-being and improved quality of life among older adults. Federal officials from the National Park Services and the National Institutes of Health and speakers from the University of Connecticut, Ono Academic College (Israel), and the University of Washington will describe community activities, sobriety programs, and cognitive impairment services that integrate social support. **Track: Social and Community Context**

Speakers:

- Richard Fortinsky, PhD, University of Connecticut School of Medicine, UConn Center on Aging
- Amiya Waldman-Levi, PhD, OTR, Research Institute for Health and Medical Professions, Ono Academic College (Israel)
- Jordan Lewis, PhD, MSW, CPG, Indigenous Wellness Research Institute, University of Washington School of Social Work
- Randy Thoreson, National Park Services
- Martina Taylor, MT, National Cancer Institute (Moderator)

Time: Monday, July 27, 2015, 1:15pm-2:30pm

Location: Congressional AB

Multiple Chronic Conditions

Multiple chronic conditions often lead to poor health outcomes for older adults and contribute to disproportionately high health care costs. Presenters from the North Carolina Division of Public Health, the University of Washington, the National Eye Institute at the National Institutes of Health, Elder Services of the Merrimack Valley, Inc., and the American College of Preventive Medicine will focus on policy, research, and resources for chronic disease self-management, long-term disability, and vision loss. **Track: Health and Healthcare**

Speakers:

- Winston Liao, North Carolina COPD Taskforce
- Ivan Molton, PhD, University of Washington
- Neyal Ammary-Risch, MPH, MCHES, National Eye Institute, National Institutes of Health
- Joan Hatem-Roy, MSW, LICSW, Elder Services of the Merrimack Valley, Inc.
- Andrey Ostrovsky, MD, Care at Hand
- Hugh Tilson, MD, DrPH, MPH, UNC Gillings School of Global Public Health (Moderator)

Time: Monday, July 27, 2015, 1:15pm-2:30pm

Location: Ambassador Ballroom

Concurrent Sessions (2:45 PM – 4:00 PM)

Can Age Friendly Communities Improve the Quality of Life for Older Americans?

How can changes to neighborhoods and the built environment improve the quality of life for older adults? Hear examples from Atlanta, GA; Washington, DC; New York City; and Massachusetts, and learn about projects funded by the Center for Medicare and Medicaid Innovation designed to overcome barriers to community aging in place. **Track: Neighborhood and Built Environment**

Speakers:

- Renee Ray, AICP, Atlanta Regional Commission
- Nick Kushner, MURP, MPIA, District of Columbia Government
- Caitlyn Smith, MPH, New York Academy of Medicine
- Elizabeth Dugan, PhD, University of Massachusetts Boston
- Sarah Szanton, PhD, Johns Hopkins University
- Jon Sanford, MArch, Georgia Institute of Technology (Moderator)

Time: Monday, July 27, 2015, 2:45pm-4:00pm

Location: Empire Ballroom

From Active Duty to Veteran: Defense Health Agency and Veterans Affairs Initiatives to Ensure Healthy Aging

Active duty and veteran service members, particularly in rural areas, face unique health issues and stressors as they age. Federal officials from the Defense Health Agency and Department of Veterans Affairs will describe initiatives and programs that empower service members, their family members, and veterans to actively participate in health-related plans and decisions across their lifespan. **Track: Quality of Life in Aging**

Speakers:

- RADM Raquel Bono, MD, Defense Health Agency
- Bret Hicken, PhD, MSPH, Department of Veterans Affairs
- Sheri Reder, PhD, MSPH, Department of Veterans Affairs Puget Sound VA Medical Center

-
- RADM Sharon Ricks, MA, Office of the Assistant Secretary for Health, U.S. Department of Health and Human Services (Region 4) (Moderator)

Time: Monday, July 27, 2015, 2:45pm-4:00pm

Location: Executive Room

Live Well, Be Well: Promoting Older Adults' Health and Wellness through Lifestyle

Physical activity, nutrition, and chronic disease management programs can improve cardiovascular and overall health in older adults. Academic speakers from Tufts University, the University of Maryland, and the University of Illinois will identify factors that impact the implementation of evidence-based programs to address gaps in screening and provide engagement opportunities. **Track: Social and Community Context**

Speakers:

- Johanna Dwyer, DSc, RD, Tufts University
- Amy Anderson, PhD, University of Maryland
- Julie Bobitt, ABD, University of Illinois at Urbana-Champaign
- Osama Hamdy, MD, PhD, Joslin Diabetes Center/Harvard Medical School
- Dalton Paxman, PhD, Office of the Assistant Secretary for Health, U.S. Department of Health and Human Services (Region 3) (Moderator)

Time: Monday, July 27, 2015, 2:45pm-4:00pm

Location: Congressional AB

Continuum of Care/Care Coordination

Easing transitions, developing the caregiver workforce, and reducing medication interactions can ensure continuum of care for older adults in home and health care settings. Speakers from UConn Health, Care at Hand, Guiding Lights Caregiver Support Center, and the University of Maryland will discuss strategies and service delivery models that improve care coordination for older adults. **Track: Health and Healthcare**

Speakers:

- Julie Robison, PhD, UConn Health
- Andrey Ostrovsky, MD, Care at Hand
- Joan Hatem-Roy, Elder Services of the Merrimack Valley, Inc.
- Nicole Bruno, Guiding Lights Caregiver Support Center
- Faika Zanjani, PhD, University of Maryland
- CAPT Betsy Thompson, MD, DrPH, MSPH, Office of the Assistant Secretary for Health, U.S. Department of Health and Human Services (Region 9) (Moderator)

Time: Monday, July 27, 2015, 2:45pm-4:00pm

Location: Ambassador Ballroom

Concurrent Sessions (4:15 PM – 5:30 PM)

Impact of Isolation: The Impact of Products, Space, Services, and Isolation on the Aging

Products, spaces, and services that are adapted to older adults can reduce isolation and improve self-esteem. Presenters from the Consumer Product Safety Commission, AARP, EmpowerAbility, and the University of St. Augustine will discuss programs to reduce product injury, assistive technology, and physical activities designed for older adults. **Track: Neighborhood and Built Environment**

Speakers:

- Steven Hanway, MS, Consumer Product Safety Commission
- Kamili Wilson, AARP Foundation
- Debra Young, MEd, EmpowerAbility, LLC
- Lisa Chase, PhD, University of St. Augustine
- George Borlase, PhD, Consumer Product Safety Commission (Moderator)

Time: Monday, July 27, 2015, 4:15pm-5:30pm

Location: Empire Ballroom

Health Literacy—Supporting Quality of Life and Quality of Care

Improving health literacy can support better care management and health outcomes to enhance quality of life in older adults. Academic thought leaders from the University of Maryland and Nova Southeastern University along with experts from AIDS Arms, Inc. and the Coordinating Center will identify strategies – including innovative technology – for improving health literacy. **Track: Quality of Life in Aging**

Speakers:

- Manisha Maskay, PhD, AIDS Arms, Inc.
- Lisa McCoy, MS, University of Maryland
- Carol Marsiglia, MS, RN, CCM, The Coordinating Center
- Raymond Ownby, MD, PhD, Nova Southeastern University
- Karen Matsuda, MN, Office of the Assistant Secretary for Health, U.S. Department of Health and Human Services (Region 10) (Moderator)

Time: Monday, July 27, 2015, 4:15pm-5:30pm

Location: Executive Room

Mental Health and Older Adults: Determinants, Trends, and Treatment

National trends in mental health treatment of and indicators for older adults show generational and cultural variances that can affect delivery of care. Federal officials from the U.S. Department of Health and Human Services and the Substance Abuse and Mental Health Services Administration will be joined by speakers from Florida Atlantic University and Nova Southeastern University to discuss policies and treatment models to improve delivery of mental health care for older adults. **Track: Social and Community Context**

Speakers:

-
- Beth Han, MD, PhD, Substance Abuse and Mental Health Services Administration
 - Ruth Tappen, EdD, RN, FAAN, Florida Atlantic University
 - Ashley Stripling, PhD, Nova Southeastern University Center for Psychological Studies
 - Hugh Tilson, MD, DrPH, MPH, UNC Gillings School of Global Public Health (Moderator)

Time: Monday, July 27, 2015, 4:15pm-5:30pm

Location: Congressional AB

Patient-Centered Models

What factors lead to acute unscheduled care among older adults? Experts from the Icahn School of Medicine at Mount Sinai, University of Wisconsin, Aurora Health Care, WellMed Charitable Foundation, and the HHS Office of the Assistant Secretary for Preparedness and Response will discuss the epidemiology of emergency department (ED) use and alternate emergency models of care, the changing landscape of care and patient-centered geriatric EDs, novel care delivery models and population health management, and coordination across the healthcare continuum with primary care for elder abuse.

Track: Health and Healthcare

Speakers:

- Ula Hwang, MD, MPH, Mount Sinai School of Medicine
- Michael Malone, MD, Aurora Health Care, University of Wisconsin
- Manish Shah, MD, University of Wisconsin
- Carol Zernial, MA, WellMed Charitable Foundation
- Brendan Carr, MD, MA, MS, Office of the Assistant Secretary for Preparedness and Response (Moderator)

Time: Monday, July 27, 2015, 4:15pm-5:30pm

Location: Ambassador Ballroom

Day 2 (July 28)

Opening Plenary (8:00 AM – 9:00 AM)

The 2015 Healthy Aging Summit will open on Tuesday with Nora Super, Executive Director of The White House Council on Aging, followed by a plenary on cognitive aging in America delivered by Ron Petersen, MD, PhD, the leading expert in cognitive function from the Mayo Clinic.

Cognitive Aging in America

Cognitive health is a top concern for older Americans. Dr. Ron Petersen, a leading expert in cognitive function in aging from the Mayo Clinic, will share his perspectives on how research in this area has influenced key pieces of legislation that impact all Americans during this plenary session.

Speaker:

- Nora Super, Executive Director of The White House Council On Aging
- Ron Petersen, MD, PhD, Mayo Clinic

Time: Tuesday, July 28, 2015, 8:00-9:00am

Location: Regency Ballroom

Morning Plenaries (9:00 AM – 11:30 AM)

Preserving Cognitive Health and Preventing Cognitive Impairment

New initiatives are influencing public health approaches to reduce risk factors for cognitive impairment. During this plenary session, academic thought leaders from the IOM Committee on the Public Health Dimensions of Cognitive Aging will identify key research findings on public perceptions of dementia and Alzheimer's disease, aerobic exercise and brain health, and the effects of new learning on cognitive and neural function in older adults.

Speakers:

- Basia Belza, PhD, RN, University of Washington
- Daniela Friedman, PhD, University of South Carolina
- Jeffrey Burns, MD, MS, University of Kansas Medical Center
- Denise Park, PhD, University of Texas at Dallas
- Jason Karlawish, MD, University of Pennsylvania (Moderator)

Time: Tuesday, July 28, 2015, 9:00am-10:00am

Location: Regency Ballroom

International Perspectives in Healthy Aging

Research and innovations from across the globe can inform treatment of Alzheimer's disease in the United States. During this plenary session, speakers from Japan and the Netherlands will discuss topics

ranging from therapeutic robots to policy and research that are improving quality of life for patients with Alzheimer's disease.

Speakers:

- Takanori Shibata, PhD, National Institute of Advanced Industrial Science and Technology, Japan
- Jacqueline Hoogendam, Netherlands Ministry of Health, Welfare and Sport

Time: Tuesday, July 28, 2015, 10:30am-11:30am

Location: Regency Ballroom

Lunch Break (11:30 AM – 12:45 PM)

Concurrent Sessions (12:45 PM – 2:00 PM)

Caregivers/ Workforce Development: Using Diverse Workforces and Tools to Support Independent Living at Home

Both paid and unpaid caregivers provide critical support that allows older adults to live independently at home. Presenters from the University of Iowa, Sarah Lawrence College, and the Partners in Care Foundations will discuss challenges and opportunities for paid and unpaid caregivers, improving medication safety for elders through workforce development, and community-based participation research to enhance understanding of home health care. **Track: Neighborhood and Built Environment**

Speakers:

- Brian Kaskie, PhD, University of Iowa
- Amy Russo, MS, Sarah Lawrence College
- June Simmons, MSW, Partners in Care Foundation
- Michelle Davis, PhD, MSPH, Office of the Assistant Secretary for Health, U.S. Department of Health and Human Services (Region 2) (Moderator)

Time: Tuesday, July 28, 2015, 12:45pm-2:00pm

Location: Empire Ballroom

Do Falls Prevention Programs Work?

Injuries that result from falls can cause serious, long-term health issues for older adults. Presenters from the National Council on Aging and LifePlans, Inc., along with officials from San Diego county and Asian Health Services, will describe the qualities of effective falls prevention programs. **Track: Quality of Life in Aging**

Speakers:

- Kathleen Cameron, MPH, National Council on Aging
- Jessica Miller, MS, LifePlans, Inc.
- Kari Carmody, MPH, County of San Diego
- Susan Huang, MD, MS, Asian Health Services

-
- Laurie Konsella, MPA, Office of the Assistant Secretary for Health, U.S. Department of Health and Human Services (Region 8) (Moderator)

Time: Tuesday, July 28, 2015, 12:45pm-2:00pm

Location: Executive Room

Cultural Competency

Health programs that employ cultural competency best practices and strategies can more effectively encourage participation and address gaps in care. Speakers from Columbia University, the OASIS Institute, the University of North Dakota and the Office of Minority Health within the U.S. Department of Health and Human Services will provide examples of federal and local programs that address the critical needs of diverse seniors. **Track: Social and Community Context**

Speakers:

- Jeffrey Kwong, DNP, MPH, ANP-BC, Columbia University School of Nursing
- Sara Lovegreen, MPH, MCHES, OASIS Institute
- Kathy Smart, EdD, University of North Dakota
- Alexis Bakos, PhD, MPH, RN, Office of Minority Health, U.S. Department of Health and Human Services (Moderator)

Time: Tuesday, July 28, 2015, 12:45pm-2:00pm

Location: Congressional AB

Helping Older Adults Live Healthier Lives: Improving the Delivery of Clinical and Community Preventive Services for Adults

Encouraging older adults to seek clinical preventive services requires strategies for reducing barriers to care. Panelists from Gannon University, the UCLA Center for Health Policy Research, Weill Cornell Medical College, and the University of Maryland will discuss programs that address barriers to care and improve older adults' usage of clinical preventive services, including physical therapy assessments, immunizations, and oral health services. **Track: Health and Healthcare**

Speakers:

- Kristine Legters, DSc, Gannon University
- Kathryn G. Kietzman, PhD, MSW, UCLA Center for Health Policy Research
- R. Gordon Douglas, Jr., MD, Weill Cornell Medical College
- Dushanka V. Kleinman, DDS, MScD, School of Public Health, University of Maryland
- CAPT Jose Belardo, JD, MSW, MS, Office of the Assistant Secretary for Health, U.S. Department of Health and Human Services (Region 7) (Moderator)

Time: Tuesday, July 28, 2015, 12:45pm-2:00pm

Location: Ambassador Ballroom

Concurrent Sessions (2:30 PM – 3:45 PM)

Health-in-All-Policies: Thinking, Surfing, Walking and Driving—Leveraging Information and Partnerships to Change the Environment as We Age

Multi-sector collaborations and partnerships can identify needs and address gaps that improve neighborhoods and build environments for older adults. Presenters from the Alzheimer’s Association, the National Institute on Aging, the New York Academy of Medicine, and AAA will provide examples of local innovations, proposed approaches, and tools that utilize a health-in-all policies approach to healthy aging. **Track: Neighborhood and Built Environment**

Speakers:

- Randi Chapman, JD, Alzheimer's Association
- Megan Cardin, MA, National Institute on Aging
- Caitlyn Smith, MPH, New York Academy of Medicine
- Nathan Warren-Kigenyi, MPH, AAA National Office
- CAPT Jim Lando, MD, MPH, Office of the Assistant Secretary for Health, U.S. Department of Health and Human Services (Region 5) (Moderator)

Time: Tuesday, July 28, 2015, 2:30pm-3:45pm

Location: Empire Ballroom

Maintaining Cognitive Health: Research, Policy, and Practice

Programs designed to improve cognitive health through “brain training” and other innovations can reduce depression, balance issues, and other risk factors that influence quality of life. Presenters from federal and state government, the University of Texas at Dallas, and Easter Seals will identify risk factors related to brain health and recommend tools and resources that health professionals can use to maintain cognitive health among older adults. **Track: Quality of Life in Aging**

Speakers:

- Jane Tilly, DrPH, Administration for Community Living
- Denise Park, PhD, University of Texas at Dallas
- Cheryl Irmiter, PhD, LCSW, CADC, Easter Seals National Headquarters
- Anna Lea Cothron, Tennessee Commission on Aging and Disability
- Allison Thigpen, MPH, Tennessee Commission on Aging and Disability
- Betsy Rosenfeld, JD, Office of the Assistant Secretary for Health, U.S. Department of Health and Human Services (Region 1) (Moderator)

Time: Tuesday, July 28, 2015, 2:30pm-3:45pm

Location: Executive Room

Aging in Place: Care Coordination

Partnerships with health care providers and community-based organizations can lead to stronger care coordination for older adults. Speakers from the Evidence-Based Leadership Council, Healthy Living Center of Excellence, Florida Health Networks, and the Partners in Care Foundation will discuss strategies for expanding evidence-based services for aging in place and care coordination. **Track: Social and Community Context**

Speakers:

- Susan Snyder, MS, Evidence-Based Leadership Council
- Jennifer Raymond, Healthy Living Center of Excellence
- Martha Pelaez, PhD, Florida Health Networks
- June Simmons, MSW, Partners in Care Foundation
- Edwin Walker, JD, Administration for Community Living (Moderator)

Time: Tuesday, July 28, 2015, 2:30pm-3:45pm

Location: Congressional AB

Health of Caregivers

Caregivers face unique challenges in maintaining their own health while caring for others. Thought leaders from the National Alliance of Caregiving, VA Caregiver Support, National Institute of Nursing Research, and Office on Women's Health will identify caregiver research and review caregiver statistics across various sectors in the United States, including resources from nonprofit and veteran/military perspectives. **Track: Health and Healthcare**

Speakers:

- Gail Gibson Hunt, National Alliance for Caregiving
- Margaret (Meg) Kabat, MSW, Department of Veterans Affairs
- Karen Huss, PhD, MSN, RN, National Institute of Nursing Research
- Nancy Lee, MD, Office on Women's Health, U.S. Department of Health and Human Services (Moderator)

Time: Tuesday, July 28, 2015, 2:30pm-3:45pm

Location: Ambassador Ballroom

Closing Plenary (4:00 PM – 5:00 PM)

Lessons Learned from Around the Globe

What best practices and lessons learned can be applied from less developed countries to help ease the financial burden of aging Americans? Dr. Somnath Chatterji of the World Health Organization will describe determinants of healthy aging from a global perspective to provide insights into this question in the closing session.

Speakers:

- Somnath Chatterji, MD, World Health Organization

Time: Tuesday, July 28, 2015, 4:00pm-5:00pm

Location: Regency Ballroom

Track Descriptions

Neighborhood and Built Environment

Program up to date as of July 21, 2015. For the most up-to-date session and speaker information, download the free 2015 Healthy Aging Summit app in mid-July.

The Neighborhood and Built Environment track will focus on the social determinants of health, which are critical to healthy aging within communities. Featuring presenters from local, state, and federal government; academic and research institutions; and the nonprofit sector, this track will explore how our surroundings affect quality of life and health outcomes for older adults.

Quality of Life in Aging

The Quality of Life in Aging will feature sessions that explore how injury prevention, health literacy, cultural practices, and cognitive and mental health impact quality of life for older adults. Featuring presenters from local, state, and federal government; academic and research institutions; and the nonprofit sector, this track will discuss research, programs, and resources that improve quality of life for older adults.

Social and Community Context

The Social and Community Context track will feature sessions that explore how social support and engagement affect quality of life and health outcomes for older adults. Presenters from the federal government, academic and research institutions, the nonprofit sector, and health care will discuss Social Determinants of Health that are critical to healthy aging.

Health and Healthcare

The Health and Health Care track explores patient-centered care models, the health care continuum, multiple chronic health conditions, caregiver health, and clinical preventive services. Presenters from the federal government, academic and research institutions, the nonprofit sector, and health care organizations will discuss research, tools, and resources that improve health and health care for older adults.
